THE BIG STORE

IT HAS BEEN THOROUGHLY DEMONSTRATED

that you can't fool all of the people all the time.

Certain profitable businesses are run on the basis of fooling part of the people part of the time. We regret to report that the dry goods business is no exception to this latter statement.

We aren't knocking—by no means—we're simply wondering how many people will buy their fall and winter dry goods, knowing nothing about them except that they look all right, but whether they are new and of the latest designs and creations, or last winter's stock, is the question.

If you really wish to know this momentous question, you will visit The Big Store and see the latest creations of the day. Get the facts, which you'll recognize as such when we give them to you, and use your own judgment.

INJUNCTION HAS BEEN DISMISSED

Circuit Court Commissioner Coston Rules That Fumigators Have Right to Enter the Roch Residence and Fumigate Same.

AN ORDERS THAT THE TEMPORARY INJUNCTION GRANTED LAST SATURDAY, BE DISMISSED, THE COMPLAINANT FAILING TO SHOW WHY HE SHOULD BE ENTITLED TO RELIEF.

Circuit Court Commissioner Chas. M. Coston yesterday rendered his decision in the case of M. L. Roch vs. S. R. Mallory Kennedy, C. W. D'Alemberte and John Klumpker, who had charge of the fumigation of residences in the city. Mr. Roch's home upon East Government street was to have been fumigated, but through his attorney, Scott M. Loftin a temporary restraining order from Court Commissioner Coston was secured.

The case was then argued upon a motion made by City Attorney Jones to dismiss the temporary injunction, and this motion has been granted.

The decision, in part, is as follows: In Decambia County Circuit Court, State of Florida; M. L. Roch, Complainant, vs. S. R. Mallory Kennedy, Clinton W. D'Alemberte and

John Klumpker, defendants—Bill for Injunction.
This is a suit for an injunction filed by M. L. Roch, complainant, against S. R. Mallory Kennedy, Clinton W. D'Alemberte and John Klumpker, defendants as representatives of the Board of Health of the City of Pensacola.

The original bill having been found deficient, and on motion amended by the solicitor for complainant, specifies and sets forth the facts upon which the charges are based, or predicated. To the amended bill there was filed or interposed by respondents a motion to refuse the injunction, a demurrer and an answer, and the testimony of the complainant herein.

For the purpose of this hearing and because of the necessity that this matter should be completely and thoroughly analyzed and adjudicated, the court will consider all the issues raised by the pleadings, together.
In support of the general charges in the amended bill it is alleged, in paragraph two, that the said respondents are acting as assistants to the Health Officers of the City of Pensacola and vested with the powers of Sanitary Inspectors, and claim to be authorized and empowered by the said Health Officers and the Board of Health of the City of Pensacola to fumigate all houses coming within the provisions of a certain ordinance of the City of Pensacola, adopted on the 23rd day of September, A. D. 1905, requiring certain houses to be

CAPTURE OF ARMY PRISONERS

Fl. Barrancas, Nov. 4.—Binkley and Knight, the two prisoners who escaped from the guard house here Wednesday night, were captured on a small island in Perdido bay yesterday morning, and are now languishing in "durance" life. The two prisoners made their way up the beach, wading part of the time in order to throw their pursuers off the trail, and subsisting on stalks of sugar cane. Their capture was effected by Private Smoot, of the 22nd Company, who left his companions and went to the island on which the refugees were located with an old fisherman named Dixon.

The two men were sitting on the shore when seen by Smoot. Concealing himself behind Dixon to prevent the men from seeing him, Smoot told Dixon to run towards them. When within fifty yards of the men Smoot stood up and covered them with his gun. They surrendered without making a fight and were taken back to the camp.

The men were half starved, not having had anything to eat since they had escaped.

Binkley was doing two years for stealing, while Knight was awaiting a general court martial for desertion.

W. H. WHITE & CO.

TELL WHY THEY ENDORSE VINOL SO HIGHLY.

First: Vinol contains in a concentrated form all of the medicinal curative elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of oil to nauseate and upset the stomach, and retard its work, therefore where old-fashioned cod liver oil or emulsions will do good Vinol will do far more good.

Second: Because Vinol is not a patient or secret medicine; it contains no injurious drugs to react upon the system, and you know just what you are taking, as everything it contains is printed on the back label of every bottle.

Third: Because Vinol acts first upon the stomach, creates a healthy appetite, tones up the digestive organs purifies and enriches the blood, and in a natural manner health is restored, and strength is created.

Fourth: Since we first put Vinol on the market our admiration for it has steadily increased, because it rarely disappoints a customer, in fact we can truthfully say we never sold a medicine more satisfactory to create strength for old people, weak, sickly women and children, nursing mothers and to build up strength after a severe sickness.

Again Vinol is endorsed by eminent physicians and guaranteed by over two thousand of the leading druggists of this country. These are some of the reasons why we believe in Vinol. W. H. White & Co., druggists.

SKY SCRAPER WILL BE BUILT

F. C. Brent Has Under Consideration Plans for a Fine Building on Ruins of Old One.

F. C. Brent has a force of men at work under the direction of S. A. Leonard clearing away the debris from the scene of the recent fire which destroyed his Palafox street block and he is making plans for the construction of a new building at once.

An architect from Atlanta is expected here Monday and plans for a new structure will be submitted for Mr. Brent's consideration.

While Mr. Brent has not yet definitely determined what kind of a building he will erect, it is understood that it will be one that will reflect credit on both the owner and the city. It will probably be either a five or a six story structure and will be an ornament to the spot where the old two story building stood.

There will probably never be any more two story buildings erected on the business portion of Palafox street. The town has outgrown that. A two story building on that spot would, in fact, be anything but a credit to the city, and Pensacolians will be glad to know that no such structure is contemplated.

If Mr. Brent erects the kind of a building which he now has under consideration it will be a monument to his enterprise as well as a paying investment always.

DAVID PERRY DIES IN NEW ENGLAND

BROTHER OF FORMER GOVERNOR PERRY OF FLORIDA AND OLD PENSACOLIAN PASSES AWAY.

News was received in Pensacola yesterday of the death of David Perry, for many years a resident of Pensacola, at the home of his sister, Mrs. Kate Stevens, of Berkshire Hills, Mass. The deceased was a brother of former Governor E. A. Perry, of Florida.

"Uncle David," as he was familiarly known, was one of the old Pensacola landmarks, having lived here for many years, but leaving about a year ago to spend the rest of his days with his sister, near the place of his birth. He had an office in the rear of the building at the southwest corner of Palafox and Romana streets, and he was a familiar figure on the street in the vicinity of that place as he continuously tapped the sidewalk with the short straight cane which he always carried.

The deceased had many friends in Pensacola who will regret to learn of his death.

Dr. Finn's Testimony Interesting.
Dr. Thomas Finn, of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. W. A. D'Alemberte, Druggist and Apothecary.

BLOOD POISON THE BLACK FLAG

The black flag is an emblem of horror and dread. When it is hoisted by an army, the order has gone forth that "no quarter" will be given, everything must be destroyed. Helpless women and children, as well as opposing soldiers, meet the same fate, and a trail of desolation, suffering and death is left behind. Contagious Blood Poison is the black flag of the great army of disease. This vile disorder is known as the blackest and most hideous of all human afflictions, overthrowing its victims and crushing out the life. It is no respecter of persons; no matter how pure the blood may be or how innocently the disease is contracted, when this awful virus enters the circulation the hideous, hateful and humiliating symptoms begin to appear, and the sufferer feels that his very presence is polluting and contaminating. Usually the first sign of the disease is a little sore or ulcer, but as the blood becomes more deeply poisoned the severer symptoms are manifested, the mouth and throat ulcerate, the glands in the groins swell, a red rash breaks out on the body, the hair and eyebrows come out, and often the body is covered with copper-colored spots, pustular eruptions and sores. In its worst stages the disease affects the nerves, attacks the bones and sometimes causes tumors to form on the brain, producing insanity and death. Not only those who contract the poison suffer, but unless the virus is driven from the blood the awful taint is handed down to offspring, and they are its innocent victims. Blood Poison is indeed a "black flag." Mercury and Potash, so often used, never can cure the trouble. These minerals merely drive the symptoms away for awhile and shut the disease up in the system, and when they are left off it returns worse than before. This treatment not only fails to cure blood poison but eats out the delicate lining of the stomach and bowels, produces chronic dyspepsia, loosens the teeth and frequently causes mercurial rheumatism to add to the patient's suffering. S. S. S., the great vegetable medicine, is the conqueror of this vile disease. It goes down to the very root of the trouble and cures by cleansing the blood of every particle of the poison. S. S. S. does not hide or cover up anything but clears the entire circulation of the virus and puts the system in good healthy condition. It cures safely as well as certainly, because there is not a particle of mineral in it. We offer a reward of \$1,000.00 for proof that S. S. S. is not purely vegetable. When the blood is purified and strengthened with this great remedy the symptoms all pass away and no sign of the disease is ever seen again; nor is there left the least trace to be handed down to posterity. Special book with instructions for self-treatment and any medical advice desired will be sent without charge to all who write.

Several years ago I had blood poison and my flesh was in an awful condition. Great sores would break out and nothing I put on them would do any good. My hair and eyebrows fell out and I was "a fright." My mouth was so sore I had to live on milk and water. I took Mercury for a long time and instead of getting better I continued to grow worse and my arms and hands became solid sores. My legs were drawn so I could not walk and I felt that my time was short here if I did not get some relief. I began to use your S. S. S. and it helped me from the start. After taking it awhile the sores all healed, my rheumatism was cured and to-day I am a strong, well man. It got all the mercury out of my system and it cured me sound and well. COAL

The Reason Why

Thousands of people take Hostetter's Stomach Bitters in preference to any other stomach remedy because they found it the only one that could cure them. When the appetite is poor, complexion sallow, or the tongue coated you, too, ought to commence taking

HOSTETTER'S Stomach Bitters

at once. Nature is calling for assistance, and the longer you delay the sicker you're going to be. For any ailment of the Stomach, Liver or Kidneys you'll find it the best. It positively cures Sour Stomach, Heartburn, Costiveness, Indigestion, Cramps, Female Disorders, Colds, Grippe or Pneumonia. In order to guard against counterfeit we urge you to see that our Private Stamp on neck of bottle is unbroken.
